Impact Report

2016-2017

Jack Bloodworth

Year Highlights

1. The school has continued to improve its provision and has been awarded Sainsbury's school sport gold for school sports.
2. Our sports clubs have increased in popularity, all our clubs this year were full and extra clubs added to meet demand.
3. Our dance provision has improved dramatically this year, we now have a higher ability dance group that runs from years 4-6 and includes a large amount of boys, the group competed at the Lowry Dance Competition in July and came 2nd place.
4. Our sports day is planned to be delivered at our local college with over 300 children taking part in sporting activities simultaneously after having great feedback from last year's event, due to adverse weather our sports day was unavoidably postponed this year with a view to rearranging before the end of school year.
5. Parents attitudes towards school sports has continued to grow, parents have made a great effort to support our inter school competition programme.

Curriculum Sports

- Our children look forward to their PE lessons both with the sports coach and their own class teacher, who through the new curriculum map also look forward to delivering PE, a huge step forward for our school.
- School sports have now been expanded and the curriculum taught is much broader than previous.
- A new curriculum map has been produced ready for the next academic year with a focus on key transferable skills being repeated on a weekly basis.

Curriculum Gymnastics

- Gymnastics was this year's key focus, despite clear progression and a new attitude from children in this area, our previous attempts at competitions shown a clear gap in ability when compared to other schools.
- Gymnastics this year saw a significant increase in quality with several children now working two years above expected in certain areas.
- A higher ability club was introduced to help deepen learning.

- In this year's competition some of our children achieved scores as high as county level athletes in areas such as the vault, demonstrating the great strides that have been taken in this area over the last two years.

After School Clubs

- The school continues to offer two after school clubs each week for KS1 and KS2, the clubs include a varied topic range.
- All the clubs are free, therefore no barriers for our local children that may find it difficult to pay for additional clubs.
- We have continued to deliver higher ability clubs this year, enabling our high achievers the opportunity to develop further at a good pace.

Participation

- School sport and after school club participation has increased this year, all KS1 and KS2 classes enjoy a minimum of 150 minutes of timetabled curriculum PE with the sports coach and class teachers with an additional 60 minutes being offered to all children, enabling us to achieve the Sainsbury's schools games gold award criteria.
- Participation has again increased from last year, both in clubs, higher ability clubs and competitions.

Assessments

- A new assessment criteria has been produced and will be implemented next academic year.

Intra School Competition

- Children within the school compete against each other in KS1 and KS2 on a half termly basis in the topic they have been learning, allowing them to put their newly learnt skills into a realistic scenario whilst giving each class motivation to develop their skills.
- The intra-school interaction allows us to be meeting the criteria for the Sainsbury's school games awards programme.
- School sports day is now organised based around using all the key skills we have focused on over the year, this broad range of activity in a competitive format allows for a greater quantity of children to be able to compete in an area with the hope of winning.

Inter School Competition

- Our school continues to compete on a regular basis. Clarendon Road now being the lead school for Eccles, organising and ensuring that our children and the children in local schools get the opportunity to compete in a minimum of one competition each half term.
- Our school is showing a progression with our children in competitions, especially in the sports that we have had a clear focus on within the curriculum.
- This year we have taken part in:
 1. Wrestling: Our first attempt at the sport saw us bring back four bronze and two gold medals.
 2. Basketball: Came 2nd to an impressive Monton Green.
 3. Rugby: Came 2nd in our group missing out by one try.
 4. Gymnastics: Fell outside the top three in all age groups however individual scores in areas were higher than previous years.
 5. Indoor Athletics: Came 5th in our competition.
 6. Cricket: Won the shield, our first silverware in cricket.
 7. Dodgeball: We won this year's dodgeball competition.
 8. Football: Came 3rd in a competition with a group of non football playing girls.
 9. Hockey: We came 3rd in the hockey competition.
 10. Swimming Gala: This year's winners in the gala.
 11. Tennis: Won our cluster competition and represented Eccles in the finals where we narrowly missed out on the semi finals losing 2-1 in the quarter finals.
 12. SEND Athletics: June 26th: A group of our SEN children took part in a competition against other schools for the first time.
 13. Athletics: June 27th: Our school won the medium sized school competition for the first time, individual achievements also were winning the girls long jump and second place in the boys hurdles.
 14. Dance: July 2nd: Came 2nd in the biggest dance competition in Salford.
 15. Greater Manchester School Games: Our dodgeball team represented Salford for the second consecutive year after winning both the Eccles and Salford finals.
 16. Waterpolo: July 13th
 17. Lacrosse: Cancelled due to weather
 18. Rounders: Cancelled due to weather, to be rearranged

- Our inter school competitions have included both KS1 and KS2.

Lunchtimes/Playtimes

- Sporting activities are now offered on the school yard at all playtimes and lunchtimes. These vary from football, tennis, basketball, handball, volleyball and cricket.
- These activities have vastly improved the behaviour on the playground; all children are kept busy and understand the importance of keeping the activities clean and without conflict.

Equipment

- School PE equipment is stored securely and maintained by the Sports Coach, with an emphasis on teaching staff to maintain equipment they use and return after use.
- We have sufficient equipment needed to deliver the curriculum; occasional replenishment will be required of balls etc.
- Gymnastics equipment is maintained by an outside company for health and safety reasons, with annual inspections.
- We now have shorts and socks for our sports kit which is used for competitions.

Teacher Training

Our teachers now take part in team teaching to develop their knowledge and skills in PE.

Future Targets

Next year our school sport programme will move onto new areas as invasion games, gymnastics and dance are now firmly at the required standards to meet both the curriculum and enable us to compete.

Our targets for next year are as follows:

1. To continue team teaching, ensuring all new staff have the opportunity as a priority.
2. To implement a new layered curriculum to improve the retention of skills and knowledge within each sporting area.
3. To start a higher ability group for UKS2 to run after school, including a head boy and girl for sports with leadership responsibilities.

4. To assess children in line with the new assessment criteria which will be introduced in September.
5. To establish any barriers to our extra curriculum clubs and try to encourage more children that do not currently attend to take part.

Financial Breakdown

Staffing

Active lunchtimes	£3,420
Competitions (Staffing)	£1,000
Extra curriculum clubs	£4,000
Data collection	£700
