2016 2017

Have a look at some of the great feedback we have been receiving from parents about the school. This is a great reflection of the strong relationships we have between home and school.

Thank you for your continued support.

I would recommend the school to anyone. Very skilled caring staff. Good with special needs additional help. Very family orientated atmosphere and all inclusive. Fantastic all round school with happy children. Staff go above and beyond to help children in any way.

We appreciate all the school does for our child. She is a very challenging child but the school deals with her brilliantly.

Early Years are fantastic. They need to carry on doing exactly what they currently do. Our child loves being in the Nursery class with dedicated staff members who give 100%. Every staff member is extremely approachable. Keep up the good work EYFS.

Looks really smart now with the railings painted and outdoor area done. Inside much brighter now with examples of work being displayed around the school.

You said.....	We did.....
School meals need reviewing	We spoke to Citywide Catering and asked them to review school meals. Did you know you can request that your child is only given fruit for dessert at lunchtime?
Open the gates to Early Years in the morning	Gates are now open. Please help us to keep this outdoor classroom tidy.
Access for wheelchairs and pushchairs	If you require access support to enter our school please telephone and we will open the gates and give you access via the ramp. Did you know we have a lift near the ramp to allow full ground floor access to wheelchair users?
Would like to see class assemblies	All classes will deliver an assembly for parents this year.
